

EVIDENCE OBTAINED ILLEGALLY IS NOT HELD INCOMPETENT

Evidence May be Taken Without a Search Warrant and Its Illegality Does Not Affect Its Competency, Says Judge Cochran.

Covington, Ky., Oct. 21.—“A soft-drink stand is a public place and a policeman or federal agent has the same right to enter as any other person. While there, if the suspicion of the representative of the law is aroused, or he sees that law is being violated, he has a right to take samples or action without a search warrant,” Federal Judge Cochran held yesterday afternoon.

A number of attorneys had given previous notice that they would ask the quashing of indictments against their clients because the warrants on which they were arrested were defective.

Judge Cochran held that because “evidence was obtained illegally it did not affect the competency of the evidence.”

With reference to affidavits on which search warrants are issued the court held that they should be more definite.

Among the cases referred in which the quashing of the search warrants was asked were returned were those of William Ankenbauer, Richard Spinner, John D. Meader, Joseph Hurk, Covington, and Joseph C. Meyer, George Rhein and others of Newport. Sawyer Smith, District Attorney, said he would waive the search warrant in each of these cases and rely on the evidence for conviction. This was sustained by the court.

The question of city officers assisting the enforcement officers came up for discussion. It was held that a city officer could not make an arrest on a federal warrant.

Mr. Smith said that in cases where residences had been searched with a defective search warrant he would not insist on trials. It was said there were only a few cases of this class.

THE INDEPENDENT WOMAN

Is one of the brightest jewels which adorns our modern, economic system. But too often this independence is gained at the cost of health, and the wage-earning woman struggles through her duties, a prey to nervousness, backache and despondency. Does not her independence then become more of a burden than a joy? Lydia E. Pinkham's Vegetable Compound has helped many such women to regain their zest in life, and will help many more.

MEN SHOT EACH OTHER ABOUT THE SAME PLACE

Singular is Double Shooting With one Gun Near Adams County Line.

Rivals in business in Mt. Joy having been adjoining neighbors in that well known village in Scioto county for many years, Bud Daniels, aged 39, and James Compton, aged 66, are lying in adjoining beds in the same ward in Hempstead hospital at Portsmouth, which occurred in Mt. Joy early Sunday morning. Compton fired two bullets into Daniels' body, and the latter wresting the gun from the hands of Compton, fired two bullets into Compton's body. Singularly enough one bullet passed through each man's body in about the same spot and one lodged in about the same spot. The bullets that went through their bodies were not found, but the other two were located and removed from the backs of the two men. Attending physicians hold out small hopes for either man as their wounds are of an extremely serious nature, both left lungs of the two men being pierced by bullets.

According to the Portsmouth Daily Times, the Daniels and Compton families had been bitter enemies for several weeks, the result of their children and pigs getting on each other's properties, and this finally led to the double shooting.

TWO EYE WITNESSES SAID TO HAVE BEEN FOUND TO MURDER

Report Current That Two Persons Who Saw Rev. Hall and Mrs. Mills Murdered Have Been Found by Officials.

New Brunswick, N. J., Oct. 21.—Two eye-witnesses, one a woman, who saw the murder of Rev. Edward Wheeler Hall and Mrs. Eleanor Mills have been discovered and have made statements to the prosecutors, it was reported here today as County Attorney Stricker summoned five persons to the court house for questioning. Stricker, however, refused to confirm the report.

One of those to be questioned today is said to be Ralph V. M. Gorsline, vestryman of the Church of St. John the Evangelist, whose automobile mysteriously was burned a few days after the tragedy.

Another is Barbara Tough, maid in the Hall home.

The reported woman eye-witness in her alleged affidavit was asserted to have said the murders were committed on the Phillips farm, where the bodies were found.

She is said to have been attracted by shots at the place and, from a clump of bushes, to have seen the murderers arranging the bodies.

The affidavit is asserted to have been in Heckman's hands for several days.

LOCAL PRESBYTERIANS REACH GOAL IN EDUCATIONAL DRIVE

Sum of \$16,000 Contributed by Maysville Presbyterians Toward Million Dollar Educational Fund.

Announcement is made Saturday that the local Presbyterians have reached their goal of sixteen thousand dollars as their part in the state-wide campaign to raise a million dollars to be contributed over a period of four years to the educational institutions in this state fostered by the Presbyterian denomination.

This sum has been raised in cash and pledged by an executive committee of which Mr. Robert A. Cochran was chairman. The committee canvassed the entire church membership and practically everyone in the church was given an opportunity to contribute.

This splendid contribution speaks well for the liberality of Maysville Presbyterians and is just what was expected of so great a congregation.

FIRST DISTRICT

GROCERY SHOWER. The grocery shower Friday evening for the benefit of the Penny Lunch at First District school was a decided success. Practically the largest amount of food stuff ever received on such an occasion was sent to the building by the interested friends and patrons of our school.

Our old friend, Col. J. Barbour Russell, who might well be called “the children's friend” was on the job as usual with a donation as big as his heart, consisting of a bag of potatoes, a large box of crackers, a case of beans, a carton of Domino sugar, and spaghetti. The P-T. A. takes this means of thanking Mr. Russell and all others for their donations to this most worthy cause, and it is assured that their kindness is appreciated by this organization.

The reading by Mrs. Rayl was greatly enjoyed and well rendered. And the “picture show” was very interesting. The slides were shown and discussed by Mrs. Jane Lee Moses and Mrs. J. B. Ross.

MOTHER IN DOLL

MYSTERY ACQUITTED.

Hammond, Ind., Oct. 21.—The drama of the “phantom twins” was over today.

Mrs. Hazel McNally, acquitted in a dramatic trial, was at the home of her mother in Chicago.

Frank McNally, who accused his wife of the murder of their two infants, has moved to South Bend.

Only the “dollhouse” remained. It bids fair to become a landmark to be pointed out to tourists as the scene of the worst murder case in Indiana history.

The trial ended when Judge Henry Cleveland held the state had not proved the alleged twins died a violent death.

ENGAGEMENT OF

MISS MERZ ANNOUNCED.

Mr. and Mrs. A. L. Merz announce the engagement of their daughter, Dorothy, to Mr. Bernard Logman, of Montgomery, Ala.

FEAR DROWNED MAN IS PROHIBITION SLEUTH

Officials Suspect That Drowned Man Found Near New Albany Is Missing Officer.

Louisville, Ky., Oct. 21.—Fear that the body of the unidentified man in the Ohio river found October 10 at New Albany is that of W. Lee Mattingly, secret federal prohibition agent, was expressed in the Louisville office of the government dry force this morning.

Mattingly had been working as an under-cover man and his information has resulted in the apprehension and conviction of several members of the illicit whisky traffic “ring” causing agents to believe that the man has been murdered by gangsters.

Mattingly has been missing since October 5, but the agents did not connect his disappearance with the discovery of the body until the picture of the dead man, taken in the New Albany morgue, appeared in a Louisville newspaper.

Efforts have been made for more than a week to locate Mattingly. He formerly lived at Loretto, Ky., but his relatives there know nothing of his whereabouts. He left there several months ago, stating that he was to be engaged as a special under-cover man by the government agents.

Further clues which link Mattingly to the river victim were furnished by Marine Corps recruiting sergeants who examined him for service before he became affiliated with the dry forces.

These measurements, comprising the weight, color of hair and eyes and other physical details, are said to tally perfectly with those of the dead man. He wore a suit similar in pattern and color with that found on the corpse, agents say.

SUICIDE BURIED

SATURDAY AFTERNOON.

Katie Fletcher, colored who committed suicide Thursday evening by firing a bullet into her own brain, was buried in the Maysville cemetery Saturday afternoon. Coroner Thomas F. Higgins will hold a formal inquest into the case probably next Monday. The coroner is satisfied within his own mind that it was a plain case of suicide but expects to be certain.

CARDINALS GO TO

VACCINATION IS UPHELD BY STATE COURT OF APPEALS

Kentucky Court of Appeals Sustains Board of Health at Newport in Denying That School Students Be Vaccinated.

The action of Judge A. M. Caldwell of the Campbell Circuit Court in overruling a motion several weeks ago to enjoin the Campbell County Board of Health from enforcing Rule 76 of the Kentucky State Board of Health, making it compulsory that school children and teachers be vaccinated, has been upheld by the Kentucky Court of Appeals.

Suit to enjoin the health authorities was filed in the Campbell Circuit Court by Walter Andes and his wife of East Second street, Newport, after their daughter Margaret, 8 years old, was refused admittance at the Fourth street School because she had not been vaccinated. The case, which attracted state-wide attention, was taken to the Appellate Court by Horace Root, who represented Mr. and Mrs. Andes, after Judge Caldwell refused to sustain the motion, contending that the order of the State Board of Health was reasonable. In his argument in the local court Mr. Root contended that Rule 76 was not applicable to Campbell county in view of the fact that no epidemic of smallpox or other contagious diseases existed in this community at the time the order was issued. He contended that the order was made to apply only to those communities where contagious diseases were prevalent.

Judge C. Clark ruled that “the fact that smallpox does not at the present time exist in Campbell county or the territory adjacent thereto is immaterial, since the existence of a reasonable apprehension of a smallpox epidemic is sufficiently shown to warrant the enforcement of Rule 76 of the State Board of Health, requiring the teachers and students in the public schools to be vaccinated. The motion for injunction is therefore overruled.”

LOVER OF GIRL FOUND DEAD HELD TO JURY

Tandy Law Waives Examination and Is Held for Grand Jury Investigation.

Bedford, Ky., Oct. 21.—Waiving examination, Tandy Law, 27 years old, charged with the murder of Thelma Chandler, 16, daughter of Sam Chandler and sweetheart of Law, was held without bail in County Court today to the Trimble county grand jury which meets the first Monday in January.

Magistrate Sam Clark officiated. County Judge I. T. Stanley is a relative of the victim and because of this vacated the bench.

The courtroom was packed with spectators when the case was called for preliminary examination today. The girl was found dead on her bed at her father's home Saturday night. She had been buggy riding during the evening with Law. Her father had objected to her receiving attentions from Law.

The father of the Chandler girl has turned over to County Attorney E. M. Tandy medicine in the form of capsules and white tablets which he found under the cover of the girl's dresser. These have been sent away to be analyzed.

It is the theory of the prosecution that the girl was given medicine by Law which may have made her so ill that she fell out of the buggy and came to her death.

BOTH LEGS BROKEN WHEN A GASOLINE TANK EXPLODES

Young Man Suffers Serious Injury When Tank Upon Which He Was Working Explodes—May Lose One Leg.

Bruce Barkley, son of Mr. George Barkley, of Cabin Creek, was very seriously injured at his home shortly after noon Saturday when a tank which some time ago had contained gasoline exploded when a torch fire with which the young man was working heated the tank.

Young Mr. Barkley was brazing the tank in the garage at his father's home. The tank was thought to have only contained water but it had contained gasoline at some time and as soon as the gas formed on the inside of the tank became hot enough it exploded and threw itself against the young man's legs. Both of the legs were broken just below the knee and one of the legs was badly lacerated and it may become necessary to amputate the same.

Young Mr. Barkley is well known in Maysville having operated an auto truck to this city for several years. His many warm personal friends will be very sorry to learn of this quite serious accident.

ATTEMPT TO SETTLE MARITAL TROUBLE FAILS.

When Louis Fife, whose wife is suing him for a divorce, called at the home of the estranged wife Friday afternoon and endeavored to settle the family differences, the wife called the police. Fife faced a charge of a breach of the peace in City Court Saturday but the wife failed to prove her case and the defendant was dismissed by Judge Curran.

COMMENT

The Turkish trouble and the Hall-Mills murder case have crowded the Irish off the front page of the city dailies.

One is mighty apt to become discouraged these days and feel that there is a premium on crookedness when blatant crime goes lightly punished but it always pays in the long run to go straight.

It strikes us that prohibition speeches are much out of place now. The matter of law enforcement should be the issue engaging the thoughts of our leaders. We have all kinds of prohibition laws now and the big question is how to enforce them.

One rule of the Congress Club is that no one has to prove a statement made at the club's meeting place and if he begins to prove a statement he is stopped by one of the senior members of the club. It's a pretty good rule too sometimes, for the fellow making the statement.

We appreciate the many good things that have been said by our readers about this column. That makes trying worth while. Mail us any suggestions you may have that will make it brighter and more worth while. They will be appreciated.

We are glad to learn that Rev. Fred Riley is to remain at Aberdeen. We are glad to hear it for here is one unusual preacher who has taken a keen interest in community affairs and has thrown his influence and assistance behind everything for the betterment of the community. He has done a good job at the head of the Aberdeen Methodist church but he has been big enough to see father than his own membership and has taken a keen interest in everything about him. The removal of such a minister is a serious loss to a community. Maysville would have missed the little Englishman and we know Aberdeen would have missed him more. We will hear of bigger things from Fred Riley some day.

Leaker Service—Emergency

NOT DUE TO SEX ALONE

Maysville Women Have Learned The Cause of Many Mysterious Pains — an Aches.

Many women have come to know that sex isn't the reason for all back-aches, dizzy headaches and urinary disorders. Men have these troubles, too, and often they come from kidney weakness. To live simply, eat sparingly, take better care of one's self and to use Doan's Kidney Pills, is bound to help bad kidneys get better. There is no other remedy so well-recommended by Maysville people. Ask your neighbor!

Mrs. R. L. Mattingly, 207, West Second street, Maysville, says: "I was in bad condition with my back and kidneys. I couldn't get my proper rest at night owing to the dull misery in my back. I was feeling so miserable I often had to let my housework go undone. I was dizzy by spells and suffered from rheumatic pains. I was so bad I couldn't walk without pushing a chair in front of me and my lower limbs were painful. My kidneys were in bad condition owing to their irregular action. Another of the family had used Doan's Kidney Pills successfully and that led me to get a couple of boxes. After using them I was all right. I have felt well since using Doan's and recommend them willingly."

Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills — the same that Mrs. Mattingly had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

SUNDAY SCHOOL LESSON

THE TEMPTATION OF JESUS.

Luke 4:1-13.

How the Battle Was Fought.—When we think of the great battles we think of great armies but one of the greatest battles that was ever fought was that one fought by two persons. It was a greater battle than that of Thermopylae. It was more momentous than that of Waterloo. Poets and painters have pictured it as a battle of two kings. They picture the one as the prince of darkness and the other having all power, the Christ having on the Glory of Eternal Glory. It would be out of proportion for us to think of the glories of all-powerful King of glory to have met and conquered a wretched king. Here is an account of such a king though meeting the subtle influences of evil and coming out more than conqueror. It is not a story like St. George and the dragon but one of fighting against evil suggestion from an evil world of darkness with the sword of the spirit which is the word of God. Use it my friend! It is a victorious sword! The Word. This battle becomes yours and mine since we read that Christ was in all points tempted like as we yet lie without sin.

More important is this battle than any of your battles learned in the school histories. For from this we are able to learn His Word thrusts. And since His antagonists are ours it follows that the mode He used is best to be used by us. Since our adversary comes as an evil spirit may not this have been His temptation?

The Battle of the Wilderness — As the battle raged hot there was no sound of martial music nor the clanging of artillery—it was most lonely, drear and desolate. Should we shade our eyes to see the myriad hosts gathering for conflict we should only be disappointed. There He is. He is only a man. He is weary and spent. Well, wasn't this the Christ who was spiritually exalted among the multitudes a few days ago? This He lost His religion? He must have sinned or this would not have come upon Him. Say, have you heard men talk like that? Here is our Christ suffering as we suffer from temptation. And it is at His weakest hour that He is tempted most. The record says that He was without sin. All the temptations of verse 13 must literally mean every kind of temptation. The enemy exhausted, having tried all his weapons and was in all points defeated. For a season, Satan still hoped that he might see an opportunity for better success and throughout the public ministry of our Redeemer He was pushing back the lines of the enemy.

Since the battle is ours too, for He was made flesh of our flesh and bone of our bone, we must fight like He who was emptied of all divine attributes. Of course He must have carried with Him the memory of that moment when the heavens opened to Him the glory that had been His even before the world came into existence. After thirty years of audible silence He hears His Father's voice in commendation and while still enjoying this transport of happiness He must go to the battlefield. Have you not had a great blessing then a great trial? This seems to be God's way of strengthening us for the great temptations of life.

The Enemy's Tactics.—Satan considers it a most cunning challenge to see a young man or lady be baptized as a token of acceptance with Christ but think of how outraged he must have felt when Jesus consecrated His beautiful manhood to the salvation of the world from the rule of the enemy, by His baptism in the Jordan. At a time when our Lord is weary and worn the enemy comes in like a flood and uses one of the most powerful battering-rams. "If thou be the Son of God, command that these stones be made bread." Being hungry it is most innocent to want bread. Had He used His divine power He would have forever separated Himself from the hungry and suffering. In the hour of His greatest need He chose to be the brother of every man and woman who has even suffered the pangs of hunger. It was His meat to do the will of the Father. GRAIN FED CATTLE PAYING
FARMERS MORE THAN FEEDERS.

Lexington, Ky. — Grain fed cattle at the present time are selling at prices well above those being paid for feeder steers, according to Wayland Rhoads, beef cattle specialist of the College of Agriculture. This is a good guide for cattle men and indicates that it may be more profitable to feed steers cut or shocked corn for about a month or six weeks longer while they are still on grass instead of letting them gain what they can on grass alone and then selling them as feeders. On the other hand, the farmer who is going to keep his steers and sell them as fat cattle this winter must be on guard as soon as the first freezes come and pastures get short to prevent costly shrinkage in his cattle.

Feeding should start as soon as possible after the first heavy freezes of the year.

A ration for a feeding period of from 100 to 140 days that has given good gains in many feed lots of the state as well as on the college farm is made of cottonseed meal, broken ear corn, silage and all the hay or straw that the steers will clean up. A daily feed of this ration for each 1,000 pounds of live weight should average about three pounds of the cottonseed meal, 45 pounds of the silage and ten pounds of corn. However, the amount fed at the beginning of the feeding period is less than this and is gradually increased until the animals are getting even more than this amount near the end of the period. In a long feeding period of more than 100 days, h corn is left out of the ration for the first 60 days.

A good ration for farmers to feed who have no silage and who wish to feed for a shorter period is made of cottonseed meal, clover hay, broken ear corn and fodder or straw. A daily feed of this ration for each 1,000 pounds of live weight should average about two pounds of cottonseed meal, six pounds of clover hay and 12 pounds of corn with all the fodder or straw that the steers can clean up. These amounts are reached by gradually increasing the feed. If a full feed of clover hay is fed with corn, good gains will be made without the

MOTHERS AND DAUGHTERS

Read This Letter from Mrs. W. S. Hughes

Greenville, Del.—"I was under the impression that my eldest daughter had some internal trouble as ever since the first time her sickness appeared she had to go to bed and even had to quit school once for a week. I always take Lydia E. Pinkham's Vegetable Compound myself so I gave it to her and she has received great benefit from it. You can use this letter for a testimonial if you wish, as I cannot say too much about what your medicine has done for me and for my daughter."—Mrs. Wm. S. HUGHES, Greenville, Delaware.

Mother and oftentimes grandmothers have taken and have learned the value of Lydia E. Pinkham's Vegetable Compound. So they recommend the medicine to others. The best test of any medicine is what it has done for others. For nearly fifty years we have published letters from mothers, daughters, and women, young and old, recommending the Vegetable Compound. They know what it did for them and are glad to tell others. In your own neighborhood are women who know of its great value. Mothers—daughters, why not try it?
